

DESIGNED FOR RETAIL/HOSPITALITY/C-STORES

> INTEGRITY MAX® R/T
UPS POWER HUB
CENTRALIZED CONDITIONED BATTERY BACK UP SYSTEM

The Integrity Max provides the best possible battery backup technology coupled with true power conditioning to isolate the ground. The online UPS will provide the best voltage regulation technology available. In addition, the isolation transformer technology will establish a new clean ground to provide the most secure stable power for your site.

INDUSTRY-LEADING EFFICIENCY AND PERFORMANCE

Power conditioning is critical for the proper performance of your systems at your site – many applications have multiple discrete units scattered across the site. Having a central source for power conditioning and battery backup can be beneficial and save money. There is one central unit to mounted on the wall out of the way reducing your power conditioning footprint and freeing up needed space. Optional IP monitoring is available to track the performance of the unit.

PRODUCTS SPECS

MODEL #	INPUT VOLTAGE AC~	OUTPUT VOLTAGE AC~	MAXIMUM LOAD RATING (AMPS)	MAXIMUM POWER (VA)	FREQUENCY (HZ)
NPTU1500-OR-N	120	120	11.25	1350	50/60

WALL MOUNT LAYOUT/WIRING DIAGRAM
