

QUALITY POLICY

NXT Power is dedicated to providing the highest quality products & services. We are committed to meeting and exceeding Customer, Statutory/Regulatory requirements. We will achieve this by understanding all requirements from our interested parties, which includes our Customers, Employees, Community, Suppliers, and Regulatory Agencies. We track our progress towards meeting these requirements through the establishment of our quality objectives and internal goals and engaging in periodic review to determine our effectiveness. We will achieve our goals through teamwork, management by fact, employee empowerment and individual responsibility. We at NXT Power are committed to these goals.
